PROFESSIONAL SUMMARY

Game Development student at Full Sail, I've been studying C++. I am interested in background game mechanics, indie projects, modularization, and efficiency. I've been developing my skills in loops, file access, OOP, and classes. I am seeking opportunities where I can work with a close knit team, building beautiful creations as I go.

TECHNICAL SKILLS

Programming Languages: C++

Software & Tools: Visual Studio, Git, GitHub, Microsoft Office

Technical Concepts: Object-Oriented Programming, Classes & Objects, Functions, Loops, Input Validation, Debugging, Version Control, Pull Requests

TECHNICAL EXPERIENCE

Current Course Project

- Developed a C++ console application using object-oriented programming.
- Implemented multiple classes, functions, and user input validation.
- Used Git and GitHub for version control using commits, branches, and pull requests.
- Tested, debugged, and refined the application through iterative development.
- Created technical documentation and a project demonstration.

PROJECTS

Secret Ingredient

A game where the player creates dishes based on the customers request. The twist being, you may not already have the recipe you need, test and learn as you gain more in your cookbook!

Technologies: C++, Visual Studio, Git, GitHub

Repository: <https://github.com/HerdedOne/project-portfolio1.git>

EDUCATION

Full Sail University

Bachelor of Science in Computer Science

4.0 GPA

Expected Graduation: March 2028

Relevant Coursework:

- Programming Fundamentals
- Object-Oriented Programming
- Software Development
- Version Control

EXPERIENCE (OPTIONAL)

N/A

CERTIFICATIONS (OPTIONAL)
